Yes! Different for each course, but 85+ in an Honors-AP course. OR, 90-to-92 in an ON-LEVEL course.

How do I become a TAG Student? Identification and Testing to become “eligible” for services.

- ▶ For more info, it will be posted on the new school website (under a “TAG Advisement TAB” on “Northview Counseling” website)
- ▶ If you were tested “Eligible” for Gifted Services:

FOR A TRANSFER INSIDE THE STATE OF GEORGIA, there is “reciprocity” so, please scan your DCI “Eligibility Report,” or contact the former school’s counseling dept. if you do not think that you/we have it, or know your student is supposed to be TAG.

Coming from another state or country, you will have to test again. Please let me know with the TINY URL at the end of this presentation.

Why TAG in HIGH SCHOOL, at Northview, in particular?

WHAT ARE YOUR “FLEXIBILITY OPTIONS?”

...AS A “TAG TITAN”?

YOU HAVE “VOICE AND CHOICE”!

[HTTPS://TINYURL.COM/NHSGIFTED2019](https://tinyurl.com/nhsgifted2019)

How do we serve in TAG?

- ◆ First and foremost, our primary “gifted service-model” is to enroll all current gifted students in at least one qualified semester segment of an Honors and-or AP Course (We have Advanced Placement courses for all grades, 9-12) – AP Gov. and Human Geography for Ninth Graders.
- ◆ For TAG ADVISEMENT in Portable 833, please just email me, or stop by for any questions!
- ◆ TAG OPTIONS = FLEXIBILITY IN SCHEDULING
- ◆ (GRADES 11-12) The two special options for pre-qualified are: TAG INTERNSHIP (11-12) and TAG DIRECTED STUDIES (10-12)

To recap, Northview serves TAG its students by placement

- (1) ...purposely schedule the student into **at least one “.2” Honors Course (OR)**
- (2) **AP Course, Freshmen AP Govt. or Human Geography, then AP Human is available to ALL GRADES, along with 30 other AP courses.**
- **<https://tinyurl.com/NHSgifted2019>**

New NHS TAG Options?

+Flexibility (and new changes)

- 1) (Grades 9-10): At Northview, we do not offer “LUNCH & LEARN” seminars in multiple topics on different days, as we once did. (Our staff & students felt that these would distract from performance in AP courses)
- 2) **KEY EXCEPTIONS for Grades 10-11!**
 - ▶ **TAG “HIRE ME” and Social Innovators Academy:** ONE-DAY-PER-WEEK “LUNCH & LEARN” on “Titan Thursdays” is for TAG CAREER INTERNS. (It is “pre-requisite” for enrolling in the GIFTED INTERNSHIP, which is a semester course).
- 3) Students may also approach Mr. Martin, their counselor, or any teacher about applying for a TAG Directed Study.
- 4) TAG Directed Study **OR** TAG Career Internships, AP Course, GAVS, FVS, or a College Course.

To recap, the FIVE ways that students earn Gifted “CR” (or credit for participating in TAG):

1. TAG Seminars: “HIRE ME” and Social Innovators Academy (1-day-per-week Lunch, Thursdays, and Wednesdays)
2. Directed Study in Grades 10-12 (or a TAG Elective Course)
3. Gifted Internship in Grades 11-12 (an authentic professional shadowing experience in a career of aspiration)
4. Advanced Placement® “AP” or Honors.
5. College Class or Joint-Enrollment (GT Math/Lit)

What is TAG “HIRE ME”?

This the ***ONE-DAY-PER-WEEK*** “LUNCH & LEARN” is for our future TAG CAREER INTERNS.

It is the required “pre-requisite” to be permitted to enroll in the **GIFTED INTERNSHIP**, which is a regular state-approved, *advanced academic elective course* which helps a gifted student shadow an adult professional in their career path out in the workplace.

For a TAG Directed Study, a student may collaborate with other teachers & Curricular Depts. to construct an individual course in the ARTS which complements an AP course, such as AP Studio.

MY ART: A LITTLE ABSURD

Innovation: In recent years, drama students worked on a Directed Study Course in Adv Production and Direction

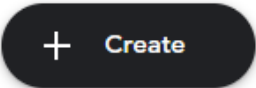

Visual Arts, Drama, Dance, and Music Performance

The Google Classroom is how I have ongoing contact, collaborate, review and assess the Gifted Students' Efforts, then we have face-to-face meetings every 2-3 weeks.

How does a student enroll in the TAG Directed Study or in a Gifted Career Internship?

FOR THE FALL OR SPRING SEMESTER:

- Again, for internship, the gifted student signs up for “Hire Me” seminar in August for Fall, (online, at the school website with the [TAG Registration LINK](#)) The student is contacted with the e-mail used to sign up!
- There is NO pre-requisite for TAG Directed Studies. The gifted student may simply request it with a counselor and Mr. Martin in a semester preceding a semester with an open class period.

How do we do TAG Seminar Attendance?

- ✓ **ATTEND YOUR SEMINAR WEEKLY** (TWO ABSENCES ARE ALLOWED PER SEMESTER, NO QUESTIONS ASKED; WE JUST ASK FOR AN E-MAIL COMMUNICATION, OR COME BY TO LET ME KNOW, AND TO FIND OUT WHAT YOU MISSED)
- ✓ **VISIT, OR EMAIL YOUR TAG TEACHER IN ADVANCE, OR DURING YOUR SICK-EXCUSED TIME, ANY TIME YOU KNOW THAT YOU ARE GOING TO BE ABSENT FROM TAG.**

If you have TAG questions...we are interested in you, your student, and his or her ideas!

Talk to one of your Honors-AP Teachers / Counselor.

And for labs, biomedical, chemical and mechanical, we have a great challenge placing some of our most gifted and capable students as “shadows” in university and industry research. If any of you would be interested in potentially mentoring a TAG Intern, we have a TAG LEAD SHEET for you.

RE: 2019–2020: Parent-Guardian Permission and Liability Waiver for a student arriving to campus *before* the student's first regular classroom course *and-or* for a student leaving *after* all regularly scheduled *non-virtual* classroom courses. The student and parent acknowledges that there may be specialized procedures for signing in and out if a student is enrolled in the Gifted Options with Mr. Martin. Dual-Enrolled college courses will typically arrive after 1st or 2nd Period, *and-or* depart early from campus for their TAG Career Internships or TAG Directed Studies.

Dear Student/Parent/Guardian:

My child is enrolled in a 0-period class, a College Dual-Enrolled Option such as College Lit, or GT Math, or the Talented and Gifted (TAG) Options. This letter is to request permission for: _____

(Print First Name and Last name of the STUDENT)

Per this student's parent/guardian, your Northview gifted student (or "TAG-eligible student"), *and-or* a college-course

We have heard that the gifted students, like a GAVS or College student, may arrive after First Period, and-or depart after their last regular "classroom catalogue course." How does attendance work for the TAG Courses?
