# AP Computer Science A
Summer 2018 Assignments

These assignments will be completed on the CodeHS website: www.codehs.com
You will need to establish an account and join the Summer 2018 AP Computer Science class using the code **361DE**.

Your student "table of contents" should look like this:

Complete the following sections:
1. Computing Ideas PreTest
2. What is Computing? (project)
3. Digital Information
4. The Internet (project)
5. Computing Ideas PostTest

For clarification, you may skip these sections:
- Introduction to Programming with Karel the Dog
- Web Design

There are two projects required in this summer work. Both of them can be submitted through CodeHS by following the instructions. If you have any difficulty submitting these assignments through CodeHS, just save your artifacts for later access. You may choose to save them onto a portable storage device (flash drive) to physically transport to school or you may choose to email them to yourself and retrieve that email at school.
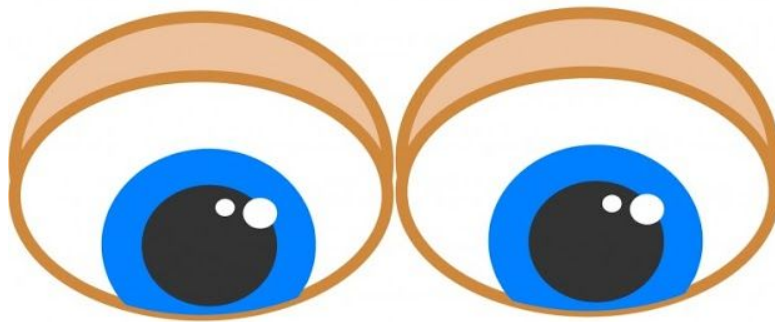

This work is all due by 11:59 PM on Sunday, August 5, 2018.
There will be no credit for late work.
There will be a test on Friday, August 10, 2018 over this material.
This test will weighted at 50% of a regular test.

Your score for this work will be based on the following rubric:

AP Computer Science A
Summer Assignment Rubric

Task	Due Date	Available Points	Points Earned
Computing Ideas PreTest	August 5, 2018 11:59 PM	5	
What is Computing? (includes project)	August 5, 2018 11:59 PM	15	
Digital Information	August 5, 2018 11:59 PM	10	
The Internet (includes project)	August 5, 2018 11:59 PM	15	
Computing Ideas PostTest	August 5, 2018 11:59 PM	5	
In class assessment covering material above	August 10, 2018	50	
TOTAL POINTS		**100**
